created on 05-05-97 - *JLN Labs* - Last update 05-31-98

Dan LaRochelle has recently visited David Hamel in Canada and he sent to me some interesting informations about the David Hamel Scalar Generator.

<< Mr. Hamel showed me pictures of this device when I went to see him in Canada.

He said this device produced many different Scalar effects. It could also be used to generate Scalar Currents.

The Rings of this device are built just like the "Bedini Gate" All the same magnet poles on the inside and outside of each ring.When I went to see David Hamel in Canada, he showed me pictures of this device in operation. The photos were double exposed or fogged! David Hamel said there were other scalar effects from this device as well!

The Mechanical Rotation of the Rings is just to show you how each ring moves in relation to each other.

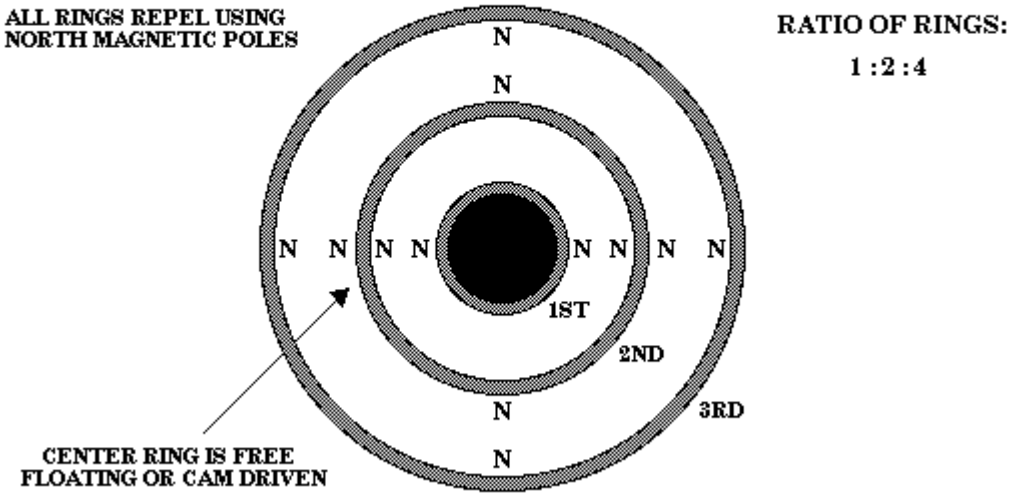
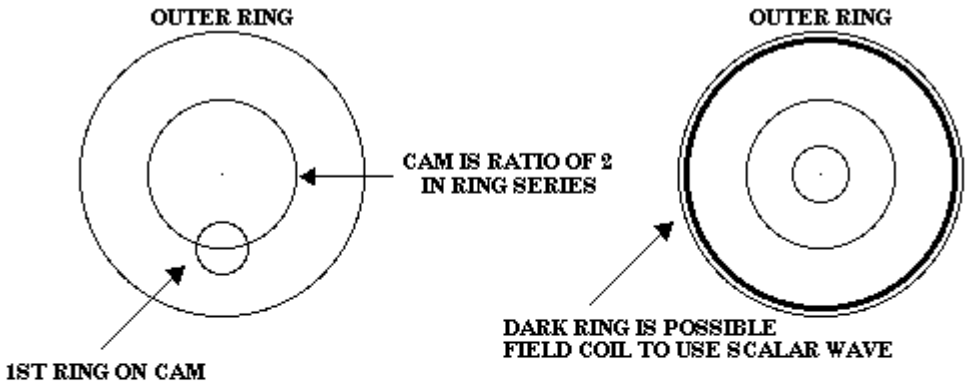
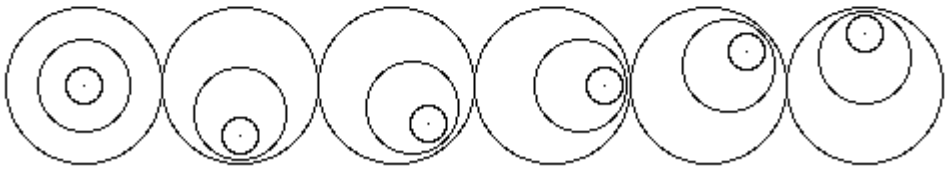
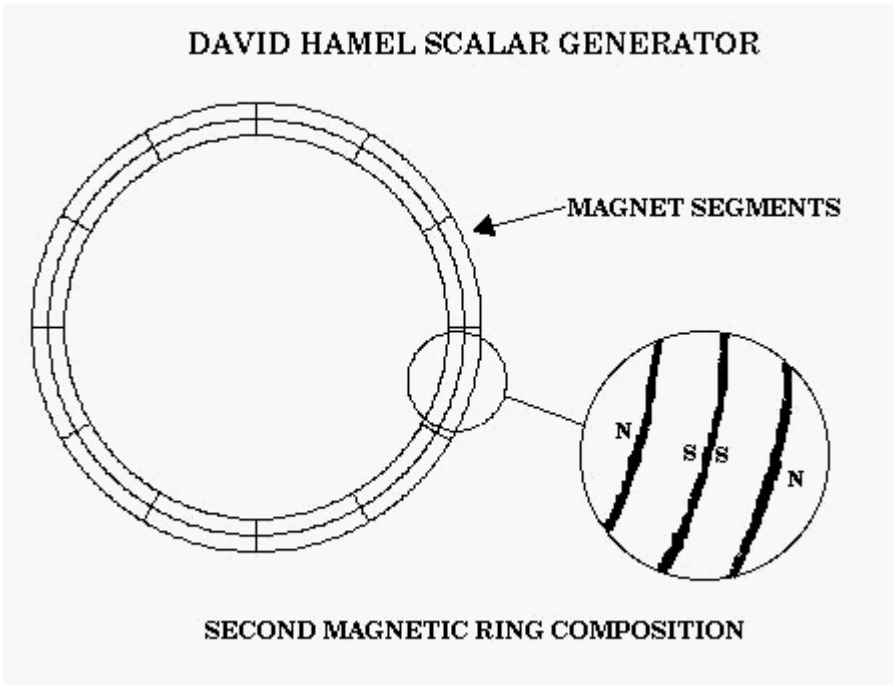
DAVID HAMEL SCALAR GENERATOR



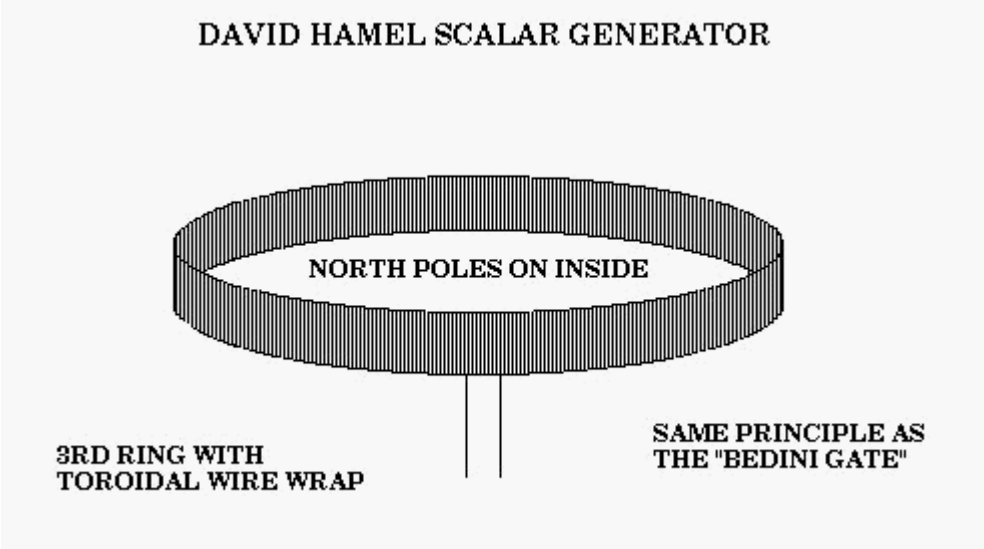




MECHANICAL ROTATING ACTION OF RINGS

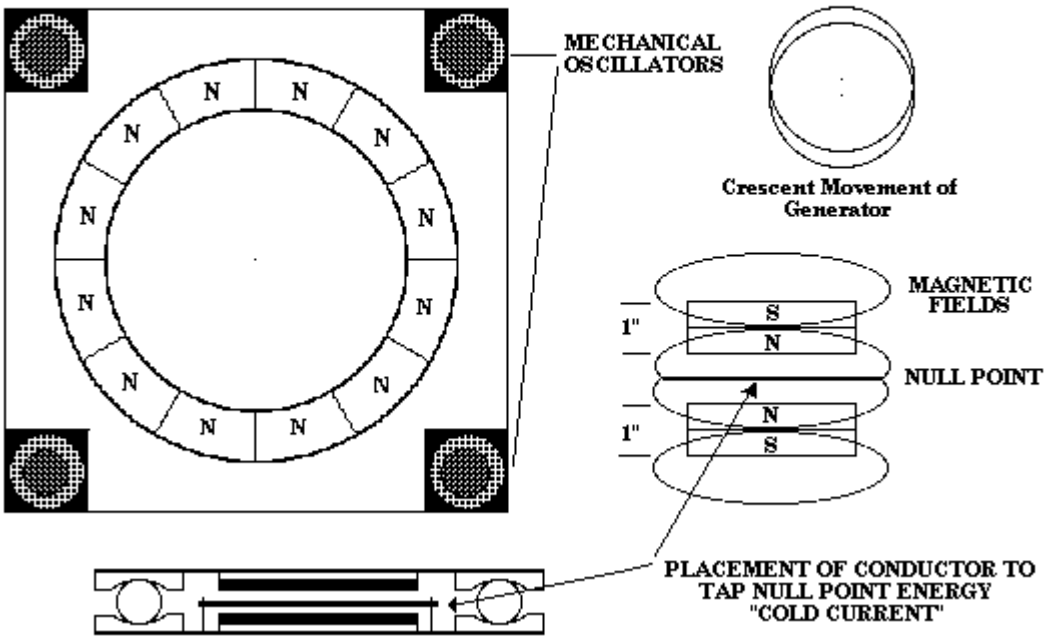


SECOND MAGNETIC RING COMPOSITION

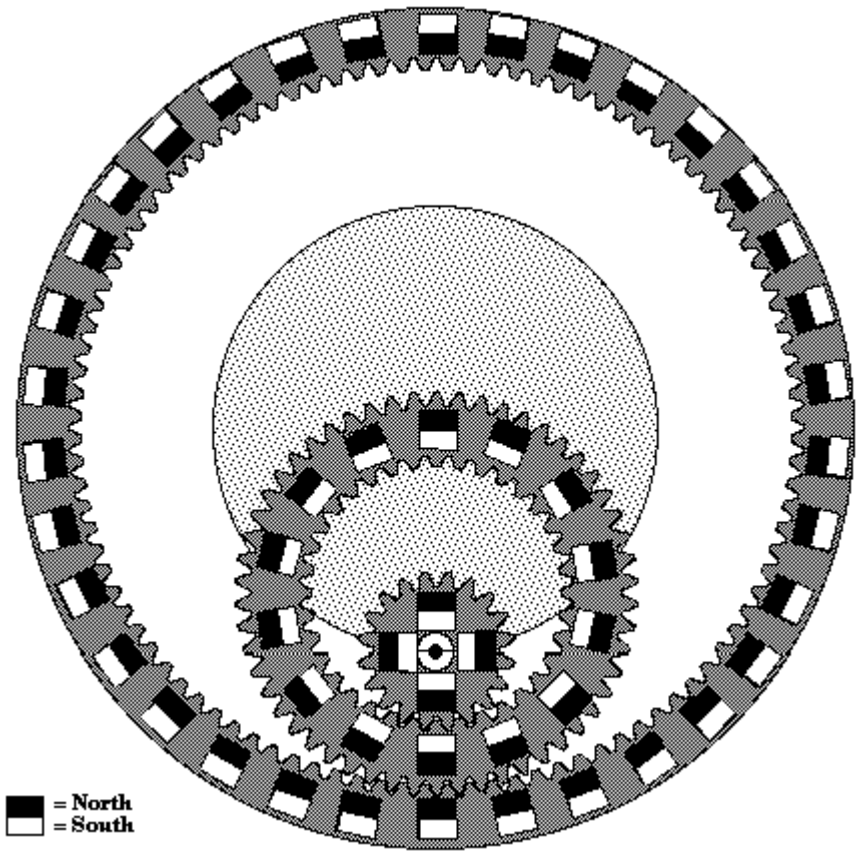


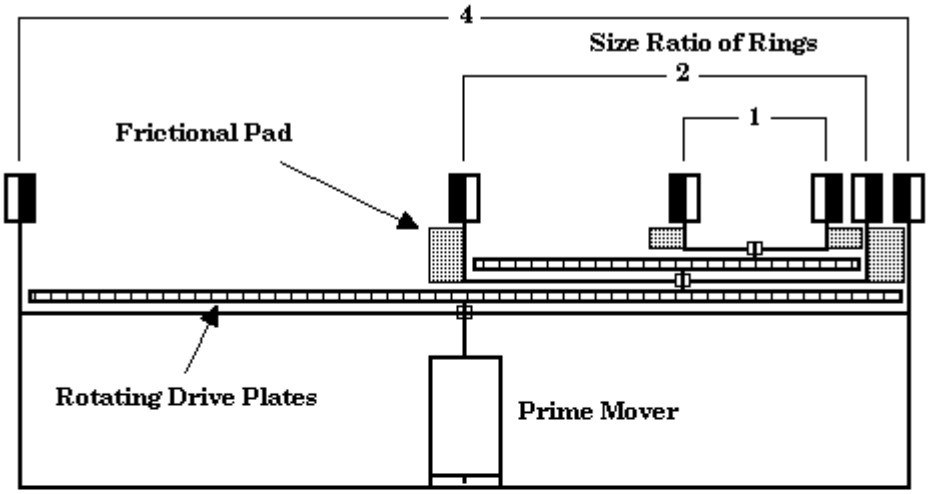
This device is actually being tested.

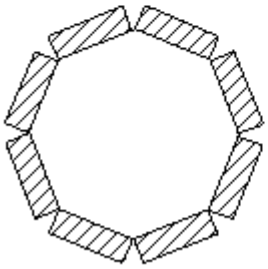
David Hamel Scalar Generator



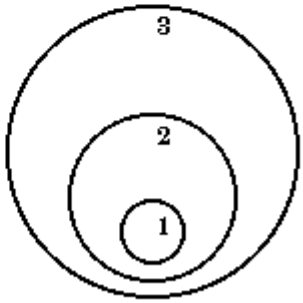
The main power stage







End to End Placement
of Magnets



1st Ring Attracts 2nd Ring
2nd Ring Rejects 3rd Ring

The disc magnet #1 is in attraction to the disc magnet #2 (with the control rod attached to it)

The disc magnet #2 is in repulsion to the disc magnet #3 (with the control rod going up through it)
